24th IEEE International Requirements Engineering Conference (RE’16)

Call for Papers

Model-Driven Development (MDD) is a paradigm for software development where models are no longer simple mediums for describing software systems or facilitating communication. In MDD, models become first-class citizens, and a software system is obtained through the definition of models at different abstraction layers. Models of a certain abstraction layer are derived from models of the upper abstraction layer by means of automatic model transformations, providing faster and more reliable results.

The Sixth International Model-Driven Requirements Engineering (MoDRE) workshop continues to provide a forum to discuss the challenges of Model-Driven Development (MDD) for Requirements Engineering (RE). Building on the success of MDD for design and implementation, RE may benefit from MDD techniques when properly balancing flexibility for capturing varied user needs with formal rigidity required for model transformations as well as high-level abstraction with information richness. MoDRE seeks to explore those areas of RE that have not yet been formalized sufficiently to be incorporated into a model-driven development environment (e.g., requirements elicitation, mapping from requirements to architectural design models or from business to requirements models, collaborative requirements engineering, requirements sketching, as well as requirements negotiation and prioritization). Reuse of requirements models and management of requirements at runtime become distinct possibilities with MDD and model transformations. This workshop intends to identify new challenges, discuss on-going work and potential solutions, analyze the strengths and weaknesses of MDD approaches for RE, foster stimulating discussions on the topic, and provide opportunities to apply MDD approaches for RE.

Topics of Interest

Submissions are welcome in all workshop topics including (but not limited to) the following: modelling languages and metamodels for RE approaches, requirements reuse, synchronicity and consistency of requirements models, requirements models at runtime, automatic analysis of requirements models, model transformations for RE, evaluation of MoDRE, simulation of requirements models, and MoDRE in industry.

Submission and Publication

Participants are invited to submit research papers with a length of eight (8) to ten (10) pages, short research papers with a length of four (4) to five (5) pages, or position papers with a length of four (4) to five (5) pages. Full research papers report on findings for problems related to MoDRE that are novel and improve on or analyze existing solutions. Short research papers report on initial work that may not yet have been fully developed. Position papers, on the other hand, report on ideas and visions for the future of MoDRE. Previously published papers or papers accepted or under review for other publications are ineligible for submission to MoDRE 2016. Papers must be in pdf format, written in English, and formatted according to the IEEE formatting instructions detailed on the workshop website. At least three members of the program committee will evaluate the technical contribution of each submission as well as its accessibility to the audience. Papers will be judged on quality, significance, relevance, originality, substance, correctness, and clarity.

Accepted papers will become part of the workshop proceedings and will be submitted for inclusion into the IEEE Digital Library. Workshop presentations will be posted on the MoDRE website. Acceptance of a paper implies that one of the authors registers for the workshop to present the submission; failure to do so by the early registration deadline will result in the paper being withdrawn from the workshop proceedings. IEEE reserves the right to exclude a paper from distribution after the workshop (e.g., by not placing it into the IEEE Digital Library) if the paper is not presented at the workshop.

IMPORTANT DATES in 2016

- JUNE 6: ABSTRACT SUBMISSION
- JUNE 13: PAPER SUBMISSION
- JULY 8: ACCEPTANCE NOTIFICATION
- JULY 24: CAMERA-READY VERSION

ORGANIZING COMMITTEE
Ana Moreira, Universidade Nova de Lisboa, Portugal
Gunter Mussbacher, McGill University, Canada
João Araújo, Universidade Nova de Lisboa, Portugal
Pablo Sánchez, Universidad de Cantabria, Spain

PROGRAM COMMITTEE
Omar Alam, McGill University, Canada
Daniel Amyot, University of Ottawa, Canada
Luciano Baresi, Politecnico di Milano, Italy
Nelly Bencomo, Aston University, UK
Jean-Michel Bruel, Université de Toulouse, France
Jordi Cabot, Ecole des Mines de Nantes, France
Ribuzza Chitchyan, University of Leicester, UK
Elder Cirilo, Univ. Federal de São João del-Rei, Brazil
Jane Cleland-Huang, DePaul University, USA
José María Conejero, Univ. de Extremadura, Spain
Dolors Costal, U. P. de Catal.-BarcelonaTech, Spain
Kleiner Farias, Univ. do Vale do Rio dos Sinos, Brazil
Martin Glinz, Universität Zürich, Switzerland
Arda Goknil, University of Luxembourg, Luxembourg
Julio Leite, Pont. Univ. Católica do Rio de Janeiro, Brazil
Janis Medve, Pannon Egyetem, Hungary
John Mylopoulous, Università di Trento, Italy
Elena Navarro, Universidad de Castilla-La Mancha, Spain
Nan Niu, University of Cincinnati, USA
Liliana Pasquale, Lero, Ireland
Oscar Pastor, Universitat Politècnica de València, Spain
Dorina C. Petriu, Carleton University, Canada
Alfonso Pierantoni, Università degli Studi dell’Aquila / Mälardalens Högskola, Italy / Sweden
Carme Quer, U. P. de Catal.-BarcelonaTech, Spain
Awais Rashid, Lancaster University, UK
Mehrdad Sabetzadeh, Uni. of Luxembourg, Luxembourg
Eugene Syriani, University of Montreal, Canada
Massimo Tisi, École des Mines de Nantes, France
BarcelonaTech, Spain
Steffen Zschaler, King’s College London, UK
Emílio Infsran, Universitat Politècnica de València, Spain
Hans Vangheluwe, Universiteit Antwerpen / McGill University, Belgium / Canada
Jose Lluis de la Vara González, U. C. III de Madrid, Spain
Manuel Wimmer, Technische Universität Wien, Austria
Tao Yue, Simula Research Laboratory, Norway
Steffen Zschaler, King’s College London, UK
